NCLAT order: Wadhawan moves SC ITC adjusted PAT up 6.5%

The tribunal was scheduled to hear his reply on June 25

SUBRAJATAPADA
Mumbai, 1 June

Kapil Wadhawan, the erstwhile promoter of Dewan Housing Finance Limited (DHFL), has moved the Supreme Court asking for a stay on the National Company Law Appellate Tribunal order, which stayed an earlier order of the Mumbai Bench of National Company Law Tribunal (NCLT) asking the committee of creditors (CoC) to consider the settlement offer Wadhawan put forward.

"We are asking for a stay of the NCLAT order and a revival of the NCLT order. Our argument is, we have come with a settlement offer, which is \$50,000 crore more than what the successful resolution applicant has offered," said Rohan Dakhini, partner at Rushmikant and Partners, who are appearing before

Kapil Wadhawan's DHFL became the first financial services firm to be referred to NCLT by RBI in 2019 after it defaulted on its payments

the SC on the Wadhawans' behalf.

"So, at least the commercial viability and feasibility of the plan should be considered by the CoC. If they find it

unviable they can reject it. But, they should not shut it out on technical grounds, considering there is a larger amount that is being offered," he said.

"Interestingly, when the matter was before NCLAT, the finding of the NCLT that 65 per cent of the CoC are not even aware of the settlement offer that the erstwhile promoters have put forward was not challenged," Dakhini added.

In a letter to the administrator in December, Wadhawan had reiterated his offer to pay the entire outstanding principal of ₹1,158 crore to creditors. In his letters, Wadhawan had said around ₹9,062 crore was lying with DHFL, according to the company's balance sheet. He said this will be utilised for upfront repayment of outstanding debts of small investors and the major breakup would be to non-convertible debentures (NCDs) held by the public.

The lenders, the Reserve Bank of India (RBI), and the Competition Commission of India (CCI) have approved the resolution plan of Pinamal Group, which has offered to pay ₹7250

crore, with upfront cash of ₹12,700 crore.

Last week, the lenders, the RBI-appointed administrator of DHFL, and Pinamal Group moved the NCLAT, challenging the order passed by the NCLT, which asked them to consider Wadhawan's offer, saying there was no basis in law for such an order.

Lenders in their appeal stated that if the order was allowed to operate, it would create a process contrary to the provisions of the IBC. The bankers were apprehensive about considering the promoter's settlement offer because the account was declared "fraud" by them. Wadhawan is in jail on money-laundering charges.

The appellate tribunal in its order had said, "...here the matter had proceeded to the stage where even the resolution plan had been approved and was before the adjudicating authority. There would be no end if such reversal is allowed. There is no dispute regarding the fact that the resolution plan has already been approved and is before the adjudicating authority."

Cyberattacks: 67% of firms paid ransom, shows survey

About 67 per cent of Indian companies whose data was encrypted but were victims of cyberattacks paid a ransom in 2021 to get back their data, a slight increase over the previous year when the figure was 66 per cent.

According to the survey "The State of Ransomware 2021" conducted by cybersecurity firm Sophos, Indian organisations were the most likely to pay a ransom of all countries surveyed: the global average was just under one third (32 per cent). The survey found the cost of recovery from a ransomware attack has more than doubled, increasing from \$761,066 in 2020 to \$1.85 million in 2021 globally.

In India, however, the approximate recovery cost tripled — from \$1.1 million in 2020 to \$3.38 million in 2021.
